

### Sports Museum of America – Founding Sports Partners

More than 50 single-sport Halls of Fame, Museums, National Governing Bodies and other sports-related organizations have partnered with the Sports Museum of America to ensure the most comprehensive and unparalleled sports experience offered anywhere. Due to the generosity of these organizations, visitors to SmA enjoy hundreds of artifacts and myriad interactive exhibits year-round, from baseball to football, basketball to soccer, auto racing to horse racing, figure skating to extreme sports, and everything in between.

The list of partner organizations will continue to grow. Please reference the SmA web site for the most up-to-date list of partners and to learn more about their organizations and individual sports: <http://www.sportsmuseum.com/>
